Multiple Choice

What is a bow that is impossible to tie? A rainbow.

Complete the activity.

D 1.   Triangle with an angle equal to 90 degrees.
     A. pentagon   B. addition   C. degree   D. right triangle

B 2.   The number below the bar in a fraction.
     A. sphere   B. denominator   C. circumference   D. odd number

D 3.   The distance around a circle.
     A. sphere   B. reflection   C. dividend   D. circumference

A 4.   Having the same size and shape.
     A. congruent   B. degree   C. mixed number   D. area

A 5.   Tool used to construct circles.
     A. compass   B. sphere   C. area   D. pi

B 6.   The number that is to be divided in a division problem.
     A. congruent   B. dividend   C. word form   D. reflection

D 7.   Solid figure that has the shape of a round ball.
     A. isosceles triangle   B. pi   C. prime number   D. sphere

A 8.   Whole number greater than 1 with only two factors, 1 and itself.
     A. prime number   B. pentagon   C. estimate   D. degree

C 9.   Triangle with two congruent sides.
     A. congruent   B. mixed number   C. isosceles triangle   D. polygon

B 10. Combining a set of numbers together to get a total.

    A. dividend B. addition C. right triangle D. pentagon

C 11. Movement of a figure to a new position by flipping it over a line.

    A. compass B. polygon C. reflection D. addition

C 12. To find a number that is close to an exact amount.

    A. isosceles triangle B. area C. estimate D. dividend

C 13. A polygon with five sides.

    A. degree B. addition C. pentagon D. word form

B 14. Whole number that is not divisible by 2.

    A. denominator B. odd number C. prime number D. circumference

C 15. The number of square units needed to cover a surface.

    A. odd number B. congruent C. area D. estimate

B 16. Number represented by a whole number and a fraction.

    A. area B. mixed number C. sphere D. right triangle

C 17. A figure formed by three or more lines.

    A. pi B. word form C. polygon D. compass

B 18. Unit for measuring angles and temperature.

    A. odd number B. degree C. isosceles triangle D. polygon

C 19. Way to write numbers by using words.

    A. pentagon B. degree C. word form D. right triangle

B 20. 3.14

    A. addition B. pi C. denominator D. circumference
